He also served as member of core committee of the National Taskforce for Insurance Sector Reforms established by the Pakistan Ministry of Commerce in 2019. Mr. Qureshi is a graduate from University of the Punjab with Economics and Statistics, as well as Certified Director from Pakistan Institute of Corporate Governance.

MACRO ENVIRONMENT OVERVIEW THROUGH PESTEL

PESTEL is a key strategic tool used by the Company to analyze the broader business environment. It is applied on an ongoing basis to support sustainable growth and long-term business resilience.

Political Landscape	Economic Landscape	Social Landscape
Pakistan's evolving political landscape continues to influence economic confidence, regulatory reforms, and public sector priorities. International stakeholders emphasize structural governance reforms, highlighting the importance of political stability for sustained growth and investor confidence. 5th Pillar engages proactively with policymakers and regulators to remain aligned with financial sector priorities and contribute to constructive policy dialogue.	High inflation and economic volatility affecting household savings. Pakistan insurance penetration remains below 1% of GDP creating large growth potential. Therefore, 5th Pillar Family Takaful focuses on affordable protection and savings products.	Pakistan's large and youthful population presents significant long-term potential for insurance growth, although insurance penetration remains low compared to regional peers. Life insurance coverage remains limited, while rising health awareness and increasing demand for financial security are driving greater interest in health, savings, and long-term protection solutions. In response, 5th Pillar Family Takaful continues to enhance insurance awareness, broaden its product portfolio, and expand outreach to underserved segments, supporting financial inclusion and long-term social resilience
Technological Landscape	Environmental Landscape	Legal Landscape
Pakistan's digital adoption continues to accelerate, supported by large mobile and internet user bases. With over 190 million mobile users and 130 million internet subscribers, the country is well placed for digital insurance innovation. However, InsurTech penetration remains nascent relative to global markets. Therefore, 5th Pillar Family Takaful accelerates digital transformation initiatives, enhancing mobile platforms and backend integration to improve customer engagement.	Climate change and environmental risks remain significant for Pakistan, a country frequently exposed to extreme weather events. These environmental pressures have broader implications for economic resilience and risk profiles across sectors. 5th Pillar Family Takaful continues to advance sustainability initiatives, including energy-efficient operations and adoption of renewable solutions, while aligning investments and products with broader environmental resilience objectives and long-term sustainability objectives.	The insurance sector operates under a rigorous legal framework, including the Insurance Ordinance, 2000, Insurance Rules, 2017, and ongoing guidance issued by the SECP. Regulatory priorities increasingly emphasise governance, solvency, digital transformation and consumer protection and expansion of Shariah Compliant insurance solutions. 5th Pillar Family Takaful maintains robust compliance, governance and risk management frameworks to meet regulatory expectations, support sector development, and demonstrate leadership in responsible market conduct.

STRENGTH, WEAKNESSES, OPPORTUNITIES AND THREATS ANALYSIS

The SWOT analysis framework enables our organisation to assess internal strengths and weaknesses, alongside external opportunities and threats. By conducting this analysis, we gain valuable insights that support strategic decision-making, assist in formulating effective strategies, and guide actions designed to optimise our strengths, address weaknesses, capitalize on opportunities, and mitigate potential threats. Overall , SWOT analysis helps us build on our strengths, overcome short-term challenges, and explore diversification opportunities to navigate and succeed in a dynamic business environment.

STRENGTHS • Largest Foreign Direct Investment (FDI) in the history of takaful with initial paid-up capital of PKR 2.0 billion. • Strategic focus on developing a complete eco-system supporting our Hajj and Umrah savings solutions. • Successful Bancatakaful partnerships with major banksin Pakistan. • Prudent investment management to maximize the Return on Investments (ROI) of the shareholders. • State-of-the-art Technological Platform to serve the stakeholders in each business segment.	OPPORTUNITIES • Expansion of bancatakaful partnerships with additional banks in upcoming years. • Launch of Hajj and Umrah savings product in Digital Space to maximize the outreach. • Seek optimum advantage of the unique Hajj and Umrah product offerings. • Improve the penetration for Shariah-compliant investment and protection solutions in takaful segment.
WEAKNESSES • As a new entrant in the Pakistan's takaful industry, the absorption of the cost setting up the takaful operations. • Reaching scalable distribution in the first few years may require significant expenses. • Limited investment avenues in the market, especially in shariah compliant products. • Challenges in developing guaranteed products due to economic fragility.	THREATS • Investment market volatility impacting returns of the Participants' and Shareholders'. • Macroeconomic challenges like Currency devaluation, Inflation and Unemployment. • Legal and Regulatory challenges like Imposition of Sales Tax and withdrawal of income tax incentives. • Economic instability due to on-going regional or global conflicts hampering the customers' ability to save. • Technological breaches amid risk of global cyber security issues.

SHARIAH REPORT
TO THE BOARD OF DIRECTORS
FOR THE YEAR ENDED DECEMBER 31, 2025

5th Pillar
Family Takaful Limited
آئیے، ساتھ چلیں

March 25, 2025

Management's Statement of Compliance with the Shariah Principles **FOR THE YEAR ENDED DECEMBER 31, 2025**

The financial arrangements, contracts and transactions entered into by 5th Pillar Family Takaful Limited (the Company) for the year ended December 31, 2025, are in compliance with the Takaful Rules, 2012.

Further we confirm that:

- The Company is currently engaged in the development and implementation of policies and procedures that are aligned with the Takaful Rules, 2012, and the guidance of the Shariah Advisor along with a robust mechanism to ensure unwavering adherence to these rulings. Further, the governance arrangements including the reporting of events and status to those charged with relevant responsibilities, such as the Audit Committee / Shariah Advisor and the Board of Directors have been implemented;
- The Company has imparted trainings / orientations and ensured availability of all manuals / agreements approved by Shariah Advisor/ Board of Directors to maintain the adequate level of awareness, capacity and sensitization of the staff and management;
- All the products have been approved by Shariah Advisor and the financial arrangements including investments made, contracts and transactions, entered into by Company are in accordance with the policies approved by Shariah Advisor.
- The assets and liabilities of Participant Takaful Fund and Shareholders' Sub Fund are segregated from its other assets and liabilities, at all times in accordance with the provisions of the Takaful Rules, 2012.

This has been duly confirmed by the Shariah Advisor of the Company.

Nasar us Samad Qureshi
Chief Executive Officer

INDEPENDENT REASONABLE ASSURANCE REPORT

TO THE BOARD OF DIRECTORS ON THE MANAGEMENT'S STATEMENT OF COMPLIANCE WITH THE SHARIAH PRINCIPLES

We were engaged by the Board of Directors of **5th Pillar Family Takaful Limited** ("the Company") to report on the management's statement of compliance with the Shariah principles of Takaful Operations of the Company, as set out in the annexed statement prepared by the management for the year ended 31 December 2025, with the Takaful Rules, 2012, in the form of an independent reasonable assurance conclusion about whether the annexed statement presents fairly the status for the year ended 31 December 2025 of compliance of the Takaful Operations with the Takaful Rules, 2012, in all material respects.

Applicable Criteria

The criteria against which the subject matter information (the Statement) is assessed comprise of the provisions of Takaful Rules, 2012 issued by the Securities and Exchange Commission of Pakistan.

Responsibilities of the Board of Directors / Management

The Board of Directors / the management of the Company are responsible for designing, implementing, and maintaining internal controls relevant to the preparation of the annexed statement that is free from material misstatement, whether due to fraud or error. It also includes ensuring the overall compliance of the Takaful Operations with the Takaful Rules, 2012.

The Board of Directors / the management of the Company are also responsible for preventing and detecting fraud and for identifying and ensuring that the Takaful Operations comply with laws and regulations applicable to its activities.

The management is also responsible for ensuring that the management, where appropriate, those charged with governance, and personnel involved with the Takaful Operations compliance with the Takaful Rules, 2012 are properly trained, systems are properly updated and that any changes in reporting encompass all significant business units.

Our Independence and Quality Management

We have complied with the independence and other ethical requirements of the Code of Ethics for Chartered Accountants issued by the Institute of Chartered Accountants of Pakistan, which is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behavior.

The firm applies International Standard on Quality Management 1 "Quality Control for Firms That Perform Audits and Reviews of Financial Statement or Other Assurance and Related Services Engagements" which requires the firm to design, implement and operate a system of quality management including policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Our responsibilities

Our responsibility is to examine the annexed statement and to report thereon in the form of an independent reasonable assurance conclusion based on the evidence obtained. We conducted our engagement in

accordance with International Standard on Assurance Engagements (ISAE) 3000, Assurance Engagements Other Than Audits or Reviews of Historical Financial Information issued by the International Auditing and Assurance Standards Board. That standard requires that we plan and perform our procedures to obtain reasonable assurance about whether the annexed statement presents fairly the status of compliance of the Takaful Operations with the Takaful Rules, 2012, in all material respects.

The procedures selected depend on our judgment, including the assessment of the risks of material non-compliances with the Takaful Rules, 2012, whether due to fraud or error. In making those risk assessments, we have considered internal control relevant to the Takaful Operations compliance with the Takaful Rules, 2012, in order to design assurance procedures that are appropriate in the circumstances, but not for the purposes of expressing a conclusion as to the effectiveness of the Company's internal control over the Takaful Operations' compliance with the Takaful Rules, 2012. Reasonable assurance is less than absolute assurance.

A system of internal control, because of its nature, may not prevent or detect all instances of non-compliance with Takaful Rules, 2012, and consequently cannot provide absolute assurance that the objective of compliance with Takaful Rules, 2012, will be met. Also, projection of any evaluation of effectiveness to future periods is subject to the risk that the controls may become inadequate or fail.

The procedures performed included:

- Evaluating the systems, procedures and practices in place with respect to the Takaful operations against the Takaful Rules, 2012 and Shariah advisor's guidelines;
- Evaluating the governance arrangements including the reporting of events and status to those charged with relevant responsibilities, such as the Audit Committee / Shariah Advisor and the board of directors;
- Testing a sample of transactions relating to Takaful operations to ensure that these are carried out in accordance with the regulations relating to Takaful operations as laid down in Takaful Rules, 2012; and
- Reviewing the management's statement of compliance of the Takaful transactions during the year ended 31 December 2025 with the Takaful Rules, 2012.

Conclusion

Our conclusion has been formed on the basis of, and is subject to, the matters outlined in this report. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our conclusion.

In our opinion, the annexed statement, for the year ended 31 December 2025, presents fairly the status of compliance of the Takaful Operations with the Takaful Rules, 2012, in all material respects.

SHARIAH ADVISOR REPORT TO THE BOARD OF DIRECTORS

For the year ended December 31, 2025

الحمد لله رب العلمين والصلاة والسلام على سيد الانبياء والمرسلين محمد النبي الامى وعلى اله وصحبه اجمعين وبعد.

We have reviewed the accompanying financial statements of 5th Pillar Family Takaful Company Limited (hereafter referred as "The Operator") for the year ended December 31, 2025.

We acknowledge that as a Shariah Advisor of the Operator, it is Shariah Department's responsibility to ensure that the financial arrangements, contracts and transactions undertaken by the Operator with its participants and stakeholders are compliant with the requirements of Shariah rules and principles.

As per the charter of the Operator it is mandatory on the management and employees to ensure application of Shariah guidelines issued by the Shariah Advisor and to ensure Shariah compliance in all actives of the Company. The prime responsibility for ensuring Shariah compliance of the Operator's operations thus lies with the managements.

To form our opinion as expressed in this report, we have reviewed all types of business transactions of the Operator during the year 2023. Based on the above, we are of the view that under Takaful Rule 2012.

- I. The financial arrangements products and transactions entered into by the Operator and the Waqf, as the case may be for the year ended December 31, 2025, are in compliance with the requirements of the Shariah rules and guidelines as prescribed by the Shariah Advisor.
- II. The Operator strived to identify new investment avenues and opted different available options that delivered excellent results. During the year management continuously consulted with the Shariah advisor on the matters and market practices relating to investment activities. The investment avenues and locations selected by the investment manager were periodically reviewed by the Shariah Department and are found Shariah compliant and in conformity with the Shariah guidelines issued by the Shariah Advisor.
- III. Few minor cases which had some irregularities from the Shariah perspective were discussed with the management and duly resolved. Furthermore, the management of the Takaful Operator has been advised to strictly follows Shariah compliance in future.
- IV. The Shariah Department has provided Basic Takaful training to the staff of the Takaful Company. Meanwhile, the mandatory training on Takaful Concept and practices was also organized for executive level & sales staff as well.
- V. The Operator should more focus towards enhancing the skills and knowledge for all the staff of Takaful Company related to the Shariah structure of the company and on Takaful Concept and practices. The Operator should organize the more sessions for executive level & sales staff as well around the country.
- VI. Consequently, we have found that the company is in accordance with the Shariah principals with respect to all transactions

May Allah bless us with the best Tawfeeq to achieve this precious task and bestow us with success in this world and in the world hereafter and forgive us for our mistakes. A'ameen.

شریعہ ایڈوائزر رپورٹ برائے بورڈ آف ڈائریکٹرز

31 دسمبر 2025 کو ختم ہونے والے سال کی

الحمد لله رب العلمین والصلاة والسلام علی سید الانبیاء والمرسلین محمد النبی الامی وعلی الہ وصحبہ اجمعین وبعد۔

ہم نے ففٹھ پلر فیملی تکافل لمیٹڈ (جسے آئندہ ”آپریٹر“ کہا جائے گا) کے 31 دسمبر 2025 کو ختم ہونے والے سال کے مالی گوشواروں کا جائزہ لیا ہے۔

ہم آپریٹر کے شریعہ ایڈوائزر ہونے کی حیثیت سے تسلیم کرتے ہیں کہ آپریٹر کی جانب سے شرکاء تکافل اور اسٹیک ہولڈرز کے ساتھ مالیاتی انتظامات، معاہدے اور معاملات کو شرعی اصولوں سے ہم آہنگ رکھنے کو یقینی بنانا شریعہ ڈپارٹمنٹ کی ذمہ داری ہے۔

آپریٹر کے چارٹر کے مطابق مینجمنٹ اور ملازمین پر لازم ہے کہ وہ تمام سرگرمیوں میں شرعی تقاضوں کو پورا کرنے کے لیے شریعہ ایڈوائزر کی طرف سے جاری کردہ ہدایات کے نفاذ کو یقینی بنائیں۔ لہذا اس کے مطابق آپریٹر کے انتظامات میں شریعہ کمپلائنس کو یقینی بنانے کی بنیادی ذمہ داری مینجمنٹ کی ہے۔

اس رپورٹ میں موجود اپنی رائے قائم کرنے کے لیے ہم نے کمپنی کی جانب سے سال 2025 میں کیے گئے تمام کاروباری معاملات کا جائزہ لیا۔ اس جائزہ کی روشنی میں ہم اس نتیجے پر پہنچے ہیں کہ تکافل رولز 2012 کے مطابق:

1. 31 دسمبر 2025 کو ختم ہونے والے سال میں آپریٹر اور وقف کی جانب سے کیے گئے تمام مالیاتی انتظامات، پرائیکٹس اور معاملات شریعہ ایڈوائزر کی جانب سے تجویز کردہ اصولوں اور ہدایات کے مطابق ہیں۔
2. اس سال آپریٹر نے نئے سرمایہ کاری مواقع تلاش کیے اور دستیاب آپشنز میں سے مختلف آپشنز کا انتخاب کیا اور خاطر خواہ نتائج حاصل کیے۔ دوران سال، سرمایہ کاری کی سرگرمیوں سے متعلق معاملات اور مارکیٹ کے طریقہ کار کے حوالے سے مینجمنٹ کی شریعہ ایڈوائزر کے ساتھ مسلسل مشاورت جاری رہی۔ شریعہ ڈپارٹمنٹ کی جانب سے بھی انویسٹمنٹ مینیجر کے منتخب کردہ سرمایہ کاری مواقع کا وقتاً فوقتاً جائزہ لیا گیا اور انہیں شریعہ سے ہم آہنگ اور شریعہ ایڈوائزر کی جاری کردہ ہدایات اور اصولوں کے مطابق پایا۔
3. شرعی اعتبار سے کچھ چھوٹے معاملات کو مینجمنٹ کے ساتھ بات چیت کر کے حل کر لیا گیا۔ مزید یہ کہ تکافل آپریٹر کی انتظامیہ کو مستقبل میں شریعہ کمپلائنس پر سختی سے عمل پیرا ہونے کا مشورہ دیا گیا۔
4. شریعہ کمپلائنس ڈپارٹمنٹ نے تکافل کمپنی کے عملہ کو تکافل کی بنیادی ٹریننگ دی۔ اس کے ساتھ ساتھ ایگزیکٹو لیول اور سیلز اسٹاف کے لیے بھی تکافل کے تصور اور معاملات کی لازمی ٹریننگ منعقد کی گئی۔
5. آپریٹر کی جانب سے شریعہ اسٹریکچر اور تکافل کے تصور اور معاملات سے متعلق تکافل کمپنی کے تمام عملہ کی معلومات اور مہارت کو بڑھانے پر مزید توجہ دینے کی ضرورت ہے۔ ملک بھر کے ایگزیکٹو لیول اور سیلز اسٹاف کے لیے مزید سیشنز کے انعقاد کی بھی ضرورت ہے۔
6. لہذا ہم اس نتیجے پر پہنچے ہیں کہ کمپنی نے اپنے تمام معاملات میں شرعی اصولوں کی پاسداری کو یقینی بنایا ہے۔

ہم اللہ تعالیٰ سے دعا گو ہیں کہ وہ ہمیں ہمارے مقصد میں کامیاب فرمائے اور دنیا و آخرت کی بھلائیاں نصیب فرمائے اور ہمارے گناہوں سے درگزر فرمائے۔ آمین۔

DIRECTORS' REPORT TO THE SHAREHOLDERS'
FOR THE YEAR ENDED DECEMBER 31, 2025

5th Pillar
Family Takaful Limited
آئیے، ساتھ چلیں

DIRECTORS' REPORT

The Directors of your Company take pleasure in presenting to you the Directors' Report of the Company along with the audited financial statements for the year ended December 31, 2025.

PERFORMANCE REVIEW 2025

A. MARKET OVERVIEW:

In FY 2025, Pakistan's economy continued to progress under the IMF program with GDP growth of 2.7%. The sharp reduction in policy rate from 22.00% to 10.50% supported with a single digit inflation contributed in economy's revival after the installation of new government in 2023. The current account balance (CAB) reported a record surplus of USD 2,113 million, contributing to stability in the foreign exchange market and supporting the accumulation of foreign exchange reserves, and led to PKR stabilizing against USD.

PSX-100 and KMI-30 Index reached their highest in history by 174,050 and 248,539 respectively in CY 2025, making PSX one of the best-performing stock markets of the world.

Although the commencement of 2026 remained quite challenging particularly to the recent geo-political tensions between neighboring countries and the significant rise in the global oil prices may hamper the progress. The challenges remain, as indicated by the decline in production of major crops and contraction in industrial and large-scale manufacturing sectors. Moreover, inflation may pick up when the base effect fades later during the year.

B. BUSINESS PERFORMANCE REVIEW

Distribution of Shariah compliant **Hajj** and **Umrah** Savings plan, flagship products of the Company, remained the highlight for the year 2025. Currently, our products are distributed through some reputed banks of Pakistan, and we plan to enter into distribution agreements with more banks in coming years. Further, the company is working to develop processes for digital distribution of its products during 2025 whereby people will be able to purchase the desired plans from the comfort of their homes.

During 2025, the Company has been able to secure new business of Rs. 943 million under its Individual Family Takaful business segment. The Company has also been able to serve its' corporate customers by underwriting contributions of Rs. 272 million under its Group Family Takaful business segment. These contributions will have a multiplier effect once the renewal contributions start flowing in the system as well as the projects undertaken mature during 2026.

The renewal and single contribution books of the Company also reported a gross contribution of Rs. 156 million and Rs. 444 million respectively.

C. PROFIT AND LOSS ANALYSIS

Initial years of any life insurance / family takaful company consume substantial energies and resources resulting in a negative bottom-line in first few years of operations.

A summarized view of profit and loss statements are as follows:

<i>Summary of Profit and Loss Statement</i>	2025	2024
	-----Rupees in 000's-----	
Gross Contribution	1,815,559	560,394
Wakala Fees	454,988	157,286
Investment and Other Incomes (including loss from associate)	372,611	341,087
Loss before tax	(353,483)	(168,377)
Taxation	(33,929)	(27,898)
Loss after tax	(319,554)	(140,479)
Loss per share	(1.60)	(0.70)

D. APPROPRIATIONS AND SOLVENCY MANAGEMENT

The Company is compliant with the requirements of the solvency margins under relevant regulations and had not transferred any surplus from Statutory Fund to Shareholders' Fund.

PRODUCTS, DISTRIBUTION CHANNELS AND PROJECTS IN PIPELINE

The Company is presently offering a wide range of Family Takaful Plans under its Individual Family Takaful business segment with its flagship products "**Hajj Savings Plan**" and "**Umrah Savings Plan**" supported by end-to-end value chain services offered under 5th Pillar umbrella. In addition, the company also offers Group Family Takaful Plans to its valuable customers through various distribution channels.

For the purpose of setting up aforementioned end-to-end value chain for facilitation of Hajj & Umrah services, the Company had already set-up a travel company named as 5th Pillar Travel (Private) Limited 2023. The 5th Pillar group has also set-up 5th Pillar Arabia in 2024 in Saudi Arabia to provide hospitality arrangement in Saudi Arabia which can be availed by our valued customers.

The Company has also been aggressively working on the distribution of "**Hajj Savings Plan**" and "**Umrah Savings Plan**" through Alternate Distribution Channels and has entered into agreement with partners. The business activity from Digital Medium will commence from 2026 whereby our customers will be able to purchase the desired plans from the comfort of their homes.

INFORMATION TECHNOLOGY AND OPERATIONAL EFFICIENCY

The Company has developed a state-of-the-art IT system. The system has been made available for individual and group family takaful business operations. This system will not only help the Company to robust operational efficiencies and customer services but also will automate various business processes to reduce turn-around time for business operations and ensure compliance with regulatory requirements. The Company has also developed mobile applications to service our clients in a much more simplified manner which is currently available with limited features. More features of these applications are under development and likely to be added during 2026.

5th Pillar
Family Takaful Limited
آئیے، ساتھ چلیں

RELATED PARTY TRANSACTIONS

At each board meeting, the Board of Directors approves Company's transactions made with associated companies and related parties based on the recommendations of the Audit Committee. All such transactions are executed on an arms' length basis.

HUMAN RESOURCE MANAGEMENT

During the year 2026, the Company focused on the training and development of a team of professionals to strengthen as well retain its human capital in various departments which are aligned with their vision of the sponsors including Sales & Distribution, Underwriting, Finance, Group Operations, Marketing, Claims, Actuarial, Human Resources and Customer Services etc. These efforts will continue to make the 5th Pillar an employer of choice.

INTERNAL AUDIT

The Company has outsourced the internal audit function to Ms. BDO Ebrahim & Co. Chartered Accountants, which is overseen by the Audit Committee. The Internal Audit function also ensures compliance with regulatory obligations.

EXTERNAL AUDITORS

Based on the recommendation of the Audit Committee, the Board of Directors has recommended the appointment of M/s. Crowe Hussain Chaudhry & Chartered Accountants as external auditors of the Company.

INSURER FINANCIAL STRENGTH RATING

The Company's has been able to retain the highest initial IFS rating from PACRA. The Company has been given an **"A+ with stable outlook"** which shows the trust and strong financial ability of a rating agency on the financial outlook of the Company as well as sponsors.

FUTURE OUTLOOK

With the stabilization of rupee valuation and controlled inflation after implementation of robust monetary measures implemented by the Government of Pakistan, the economy is expected to gain significant momentum during the next year which had slowed down during past couple of years. SBP is likely to cut the discount rate subject to satisfactory inflation figures to single digit, which may give a boost to business in all sectors.

Despite hardened economic situation, we believe that Pakistani market has a huge potential for growth specifically for our **"Hajj and Umrah Savings Product"**. We believe that we are in a position to leverage our strengths to take full advantage of the growing family takaful market in Pakistan by introducing wide ranging unique products supported by our complete end-to-end Hajj value chain. In the midst of the current economic and geo-political situation, the focus of the company is to continue operating prudently on the path of profitability and generating higher value for the participant holders and shareholders.

GRATITUDE

The Board of Directors would like to express appreciation of the dedicated hard work and contribution made by the employees. We also take this opportunity to express our gratitude to SECP for their valuable support and guidance. Lastly, our thanks go to our policyholders and shareholders whose continued patronage has been most valuable for the Company.

**STATEMENT OF COMPLIANCE WITH CODE OF
CORPORATE GOVERNANCE, 2016**
FOR THE YEAR ENDED DECEMBER 31, 2025

**Independent Auditor's Review Report
To the member of 5th Pillar Family Takaful Limited**

Review Report on the Statement of Compliance contained in Code of Corporate Governance for Insurers, 2016

We have reviewed the enclosed Statement of Compliance with the Code of Corporate Governance for Insurers, 2016 (the Code) prepared by the Board of Directors ("the Board") of **5th Pillar Family Takaful Limited**, (the Company), for the year ended December 31, 2025 in accordance with the requirements of provision lxxvi of the Code.

The responsibility for compliance with the Code is that of the Board of Directors of Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Code and report if it does not and to highlight any non-compliance with the requirements of the Code. A review is limited primarily to inquiries of the Company's and the Company's personnel and review of various documents prepared by the Company to comply with the Code.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Code require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, for and on behalf of the Company, in all material respects, with the requirements contained in the Code as applicable to the Company for the year ended December 31, 2025.

STATEMENT OF COMPLIANCE UNDER CODE OF CORPORATE GOVERNANCE FOR INSURERS, 2016

This statement is being presented in compliance with the Code of Corporate Governance for Insurers, 2016 (the Code) for the purpose of establishing a framework of good governance.

The Company, being an unlisted family takaful operator, has applied the principles contained in the Code in following manner:

1. The Board of Directors of the Company comprises of eleven (11) members including three (3) independent directors and one (1) female director. The Company also ensures representation of non-executive directors and directors representing minority interests on its Board of Directors. At present the Board includes:

S.No	Name of Director(s)	Category
1	Mr. Saleh Saleh Naser Al-Selmi *	Non-Executive Director
2	Mr. Yusuf Abdul Rahman Saleh Al-Shaya *	Non-Executive Director
3	Mr. Tariq Sayed Jamal Al-Rifai *	Non-Executive Director
4	Mr. Rami A. Habli *	Non-Executive Director
5	Mr. Muhammad Ali *	Non-Executive Director
6	Mr. Mirza Baseer Baig *	Non-Executive Director
7	Ms. Zulekha Sohail Tabba *	Non-Executive / Female Director
8	Mr. Abid Ajmal **	Non-Executive / Independent Director
9	Mr. Alaa Ahmed Mohamed Kamel Ahmed Ali **	Non-Executive / Independent Director
10	Mr. Hassan Farooq Chaudhry **	Non-Executive / Independent Director
11	Mr. Nasar us Samad Qureshi *	Chief Executive Officer

*These members have been re-elected on July 18, 2025, and their Fit and Proper (F&P) approval from the Securities and Exchange Commission of Pakistan (the SECP) is still awaited.

**These members have been appointed on July 18, 2025. However, they have not assumed their offices as their Fit and Proper (F&P) approval from the Securities and Exchange Commission of Pakistan (the SECP) is still awaited.

*** The Company has fulfilled the requirement of appointment of 1/3rd independent directors and fraction contained in the appointment has been rounded to lowest. The board considers three independent directors sufficient to ensure effective independent oversight.

2. The directors have confirmed that none of them is serving as a director in more than seven listed companies, including this takaful (excluding the listed subsidiaries of listed holding companies in which each one of them is a director).
3. All the resident directors of the Company are registered as taxpayers and none of them has defaulted in payment of any loan to a banking company, a DFI or an NBFI or, being a member of stock exchange, has been declared as a defaulter by a stock exchange.

4. No casual vacancy occurred on the Board during the year.
5. The Company has prepared a Code of Conduct, which has been disseminated among all the directors and employees of the Company.
6. The Board has developed a vision/mission statement and overall corporate strategy and significant policies of the Company. A complete record of particulars of significant policies along with the dates on which they were approved or amended has been maintained.
7. All powers of the Board have been duly exercised and decisions on material transactions, including appointment and determination of remuneration and terms and conditions of employment of the Chief Executive Officer, other executive directors and the key officers, have been taken by the Board.
8. The meetings of the Board were presided over the Chairman and, in his/her absence, by a director elected by the Board for this purpose and the Board met at least once in every quarter. Written notices of the Board meetings, along with agenda and working papers, were circulated at least seven (7) days before the meeting. The minutes of the meeting were appropriately recorded and circulated.
9. The Board has established a system of sound internal control, which is effectively implemented at all levels within the Company. The Company has adopted and complied with all the necessary aspects of internal controls given in the Code.
10. All Board members have attended Orientation course(s) / training programs to acquaint them with their of their duties and responsibilities under this code and relevant laws/regulations.
11. The Board has approved the appointment of the Chief Financial Officer, Company Secretary and Head of Internal Audit, including their remuneration and terms and conditions of employment.
12. The Directors' Report for this year has been prepared in compliance with the requirements of the Code of Corporate Governance for Insurers, 2016 and fully describes the salient matters required to be disclosed.
13. The financial statements of the Company were duly endorsed by the Chief Executive Officer and Chief Financial Officer before approval of the Board.
14. The directors, Chief Executive Officer and other executives do not hold any interest in the shares of the Company other than disclosed in the pattern of shareholding.
15. The Company has complied with all the corporate and financial reporting requirements of the Code of Corporate Governance for Insurers, 2016.

16. The Board has formed the following Management Committees:

Underwriting & Retakaful Committee	
Name of Members	Category
Nasar-us-Samad Qureshi	Chairman

FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2025

**Independent Auditor's Report
To the members of 5th Pillar Family Takaful Limited
Report on the Audit of the Financial Statements**

Opinion

We have audited the annexed financial statements of the **5th Pillar Family Takaful Limited (the Company)** which comprise the statement of financial position as at December 31, 2025 and the profit and loss account, the statement of comprehensive income, the statement of changes in equity, the cash flow statement for the year then ended and notes to the financial statements, including a summary of material accounting policy information and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, the profit and loss account, the statement of comprehensive income, the cash flow statement, the statement of changes in equity, together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Insurance Ordinance, 2000 and the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at December 31, 2025 and of the loss, total comprehensive loss, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to note 22 to the accompanying financial statements which describes that certain insurance / takaful companies have challenged the scope and applicability of provincial sales tax on services on premium / contribution from life insurance / family takaful business in provincial high courts.

The Honourable Sindh High Court has dismissed the case with a direction to reapproach Sindh Revenue Board on the matter of taxability of life insurance / family takaful business. However, the insurance / takaful companies, through Insurance Association of Pakistan (IAP), have decided to refer the case to and file a constitutional petition in the Honourable Supreme Court of Pakistan.

The Company has not charged provincial sales tax to its clients, nor has recognized any liability for the impugned sales tax in its accompanying financial statements as the management, based on legal advice, is confident that the final outcome will be in favour of the Company.

Our opinion is not modified in respect of this matter.

Information Other than the Financial Statements and Auditor's Report Thereon

The management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance or conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Insurance Ordinance, 2000 and Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Insurance Ordinance, 2000 and the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the profit and loss account, the statement of comprehensive income, the statement of changes in equity and the cash flow statement together with the notes thereon have been drawn up in conformity with the Insurance Ordinance, 2000, the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account;
- c) the apportionment of assets, liabilities, revenue and expenses between two or more funds has been performed in accordance with the advice of the appointed actuary;
- d) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- e) zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Company and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

Other matter

The financial statements of the Company for the year ended December 31, 2024 were audited by another auditor who expressed an unmodified opinion on those financial statements on April 04, 2025.

The engagement partner on the audit resulting in this independent auditor's report is Imran Shaikh.

5TH PILLAR FAMILY TAKAFUL LIMITED
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2025

1 LEGAL STATUS AND NATURE OF BUSINESS

- 1.1** 5th Pillar Family Takaful Limited (the Company) was incorporated in Pakistan on March 05, 2020 as a public unlisted Company under the Companies Act, 2017 (the Act). The Company's registered office is situated at SF-01 to SF-06, 2nd Floor, Emerald Mall, Clifton Block 5, Karachi.
- 1.2** The Company was granted authorisation on October 04, 2021 under rule 3 of Takaful Rules, 2012 to undertake takaful operations in respect of family takaful products by Securities and Exchange Commission of Pakistan (SECP). For the purpose of carrying on takaful business, the Company has established an irrevocable fund called 5th Pillar Family Takaful Limited Waqf Fund (here-in-after referred to as Participant Takaful Fund (PTF) under a waqf deed executed by company with a cede amount of Rs 500,000.
- 1.3** In accordance with the requirements of the Insurance Ordinance, 2000, the Company established a Shareholders' Fund and separate Takaful Statutory Funds, in respect of each class of family takaful business. The takaful statutory funds established by the Company, in accordance with the advice of the appointed actuary are as follows:
- Individual Family Takaful
 - Group Family Takaful

2 BASIS OF PREPARATION AND STATEMENT OF COMPLIANCE

- 2.1** These financial statements have been prepared on the format of financial statements issued by the Securities and Exchange Commission of Pakistan (SECP) through the Insurance Rules, 2017 vide its S.R.O. 89(1) / 2017 dated February 09, 2017.
- 2.2** These financial statements have been prepared in accordance with the accounting and reporting standards
- IFRS Accounting Standards issued by the International Accounting Standards Board (IASB) as are notified under the 7 Companies Act, 2017;
 - Provisions of, directives and 8 notifications issued under the 7 Companies Act, 2017 and Insurance Ordinance, 2000, Insurance Rules 2017, Insurance Accounting Regulations, 2017 and Takaful Rules 2012.
 - Islamic Finance Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan, as are notified under the Companies Act, 2017.

In case requirements differ, the provisions of, directives and notifications issued under the Companies Act, 2017, Insurance Ordinance, 2000, Insurance Rules 2017, Insurance Accounting Regulations, 2017 shall prevail.

2.3 Basis of measurement

These financial statements have been prepared under the historical cost convention except for available for sale investments which are carried at their fair value.

CMV

2.4 Functional and presentation currency

These financial statements are presented in Pakistani Rupees, which is the Company's functional and presentation currency. All financial information presented in Pakistani Rupees has been rounded to the nearest thousand unless otherwise stated.

2.5 Standards, interpretations of and amendments to the published accounting and reporting standards that are effective in the current year

There are certain amendments and interpretations to the accounting and reporting standards which are mandatory for the Company's annual accounting period which began on 01 January 2025. However, these do not have any material impact on the Company's financial statements.

2.6 Standards, interpretations of and amendments to the accounting and reporting standards that are not yet effective

The following standards, amendments and interpretations of the accounting and reporting standards as applicable in Pakistan will be effective for accounting periods beginning on or after January 01, 2026:

	Effective date (period beginning on or after)
- Amendments to the classification and measurement of financial instruments - Amendments to IFRS 9 financial instruments IFRS 7	January 01, 2026
- Annual Improvements to IFRS Accounting Standards - Volume 11	January 01, 2026
- Contracts Referencing Nature-dependent Electricity – Amendments to IFRS 9 and IFRS 7	January 01, 2026
- IFRS 7 - Financial Instruments Disclosures	January 01, 2026
- Translation to a Hyperinflationary Presentation Currency – Amendments to IAS 21	January 01, 2027
- IFRS 17 - Insurance Contracts***	January 01, 2027
- IFRS 18 - Presentation and Disclosure in Financial Statements	January 01, 2027
- IFRS 19 - Subsidiaries without Public Accountability Disclosures	January 01, 2027
- Sale or contribution of assets between an investor and its associate or joint venture - Amendments to IFRS 10 and IAS 28	Not yet finalised

The Company has taken a benefit of temporary exemption of applying IFRS 9 "Financial Instrument" with IFRS 17 "Insurance Contracts" as allowed under IFRS. However, this standard will be applied along with the application of IFRS 17.

*** Pursuant to the requirements of Securities and Exchange Commission of Pakistan SRO 1336 (I)/2025 dated July 23, 2025 IFRS 17 "Insurance Contracts", is applicable to the companies engaged in insurance/takaful and re-insurance/re-takaful business from financial years commencing on or after 01 January 2027.

CNC

IFRS 17, replaces IFRS 4 Insurance Contracts. The new standard will apply to all entities that issue insurance and reinsurance contracts, and to all entities that hold reinsurance contracts. This standards requires entities to identify contracts and its terms and to assess whether they meet the definition of an insurance contract or includes components of an insurance contract. Insurance contracts are required to account for under the recognition/ derecognition of IFRS 17. Companies subject to the requirement of SRO will also be required to adopt requirements of IFRS 9 from the date of transition. On initial application of IFRS 17, comparative information for insurance contracts is restated in accordance with IFRS 17, whereas comparative information for related financial assets might not be restated in accordance with IFRS 9 if the insurer is initially applying IFRS 9 at the same date as IFRS 17.

SECP through its S.R.O.506(I)/2024 has directed that the applicability period of optional temporary exemption from applying IFRS 9 – "Financial Instrument" as given in para 20A of IFRS 4 – "Insurance Contracts" is extended for annual periods beginning before January 1, 2027, subject to fulfilling the same conditions as are prescribed by para 20B of IFRS 4.

2.7 Temporary exemption from application of IFRS-9

IFRS 9 'Financial Instruments' is effective for reporting year ended December 31, 2019. It replaces the existing guidance in IAS 39 Financial Instruments: Recognition and Measurement. IFRS 9 includes revised guidance on the classification and measurement of financial instruments, a new expected credit loss model for calculating impairment on financial assets, and new general hedge accounting requirements. It has also carried forward the guidance on recognition and derecognition of financial instruments from IAS 39.

Amendment to IFRS 4 'Insurance Contracts' - Applying IFRS 9 'Financial Instruments with IFRS 4 addresses issue arising from the different effective dates of IFRS 9 and the forthcoming new standard IFRS 17 'Insurance Contracts'. The amendments introduce two alternative options for entities issuing contracts within the scope of IFRS 4, notably a temporary exemption and an overlay approach. The temporary exemption enables eligible entities to defer the implementation date of IFRS 9. The overlay approach allows an entity applying IFRS 9 from July 01, 2018 onwards to remove from profit or loss the effects of some of the accounting mismatches that may occur from applying IFRS 9 before IFRS 17 is applied.

The Company has adopted the temporary exemption which allows the Company to defer the application of IFRS 9.

- a financial assets with contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding, excluding any financial asset that meets the definition of held for trading in IFRS 9, or that is managed and whose performance is evaluated on a fair value basis, and

- b all other financial assets.

3 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of financial statements in conformity with approved accounting standards requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses.

The judgments, estimates and assumptions are based on historical experience, current trends and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the estimates about carrying values of assets and liabilities that are not readily apparent from other sources.

Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the revision and future periods if the revision affects both current and future periods.

In particular, the matters involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements are:

	Note
Takaful liabilities and underlying assumptions	4.1 & 17
Classification and valuation of investment in associate	4.4 & 7
Determination and measurement of useful life and residual value of property and equipment (including right-of-use assets)	4.6 & 5
Amortization of Intangible asset	4.6 & 6
Retirement benefit obligations	18
Taxation and levies	4.5, 30 & 31
Lease liability related to right-of-use asset	4.6.2.2 & 21
Provisions, contingent assets and contingent liabilities	4.8

4 MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies and methods of computations adopted and applied in the preparation of these financial statements are set out below.

4.1 Takaful contracts

The takaful contracts are based on the principles of Wakala Waqf Model. Takaful is a programme based on Shariah compliant, approved concept funded on the principles of mutual cooperation, solidarity and brotherhood. The obligation of Waqf for Waqf participants' liabilities is limited to the amount available in the Waqf fund. In the event where there are insufficient funds in Waqf to meet their current payments less receipts, the deficit is funded by way of an interest free loan (Qard-e-Hasna) from the shareholders' sub fund to the statutory fund (Takaful Business Statutory Funds). The amount of Qard-e-Hasna is refundable to the shareholders' sub fund.

Technical reserves are stated at a value determined by the appointed actuary through an actuarial valuation carried out as at each balance sheet date, in accordance with the requirement of section 50 of the Insurance Ordinance, 2000.

CNC

Group takaful contracts

The Company offers Group Family Takaful Contracts to its clients. These contracts are issued typically on yearly renewable term basis.

Individual family takaful contracts - unit linked

The Company offers Unit Linked Takaful Plans which provide Shariah compliant financial protection and investment vehicle to individual participants. These plans carry cash value which is determined as per the underlying asset's value. The death benefit design is based on Constant Sum Risk approach i.e. the sum cover is paid in addition to the cash value. The plans offer investment choices to the customer to direct their investment related contribution based on their risk / return objectives. No investment guarantees are offered. The investment risk is borne by the participants. Various type of supplemental benefits (accidental death, disability, income benefit, etc.) are also sold along with basic policies.

4.1.1 Revenue Recognition**Contribution Revenue**

- First year individual life contribution is recognised when the policy is issued after receipt of that contribution. Subsequent contributions falling due under the policy are recognised if received before expiry of the grace period. Single contributions and top-up contributions are recognised once the related policies are issued against the receipt of contribution.
- Group contributions are recognised as and when due.

Takaful receivables

Receivables under takaful contracts are recognised when due, at the fair value of the consideration receivable less provision for doubtful debts, if any. If there is an objective evidence that the receivable is impaired, the Company reduces the carrying amount of the receivable accordingly and recognises it as impairment loss.

4.1.2 Retakaful contracts held

These contracts are entered into by the Company with retakaful operator under which the "Waqf Fund" cedes the takaful risk assumed during normal course of its business and according to which Waqf is compensated for losses on contracts issued by it are classified as retakaful contracts held.

Retakaful Contribution

Retakaful contribution is recorded at the time the retakaful is ceded. Surplus from retakaful operator is recognised in the profit and loss account.

Retakaful Expenses

Retakaful expenses are recognised as a liability in accordance with the pattern of recognition of related contribution.

Retakaful Assets and Liabilities

Retakaful assets represent balances due from retakaful operator. Recoverable amounts are estimated in a manner consistent with the associated retakaful treaties.

Retakaful liabilities represent balances due to retakaful operator. Amounts payable are calculated in a manner consistent with the associated retakaful treaties.

Retakaful assets are offset against related retakaful liabilities. Income or expenses from retakaful contract are not offset against expenses or income from related retakaful contracts as required by Insurance Ordinance, 2000.

CNC

4.1.3 Receivables and payables related to takaful contract

Receivables and payables are recognised when due. These include amounts due to and from agents and participants.

4.1.4 Claims

Claims expense include all claims occurring during the year, whether reported or not, internal and external claim handling costs that are directly related to the processing and settlement of claims and other recoveries, and any adjustments to claims outstanding from previous years.

The outstanding claims liability includes amounts relating to unpaid reported claims and expected claims settlement costs. Full provision is made for the estimated cost of claims incurred to the date of statement of financial position. The liability for claims expenses relating to "Incurred But Not Reported"(IBNR) is included in the technical reserves.

4.1.5 Participants' liabilities

Participants' liabilities including IBNR are stated at a value determined by the appointed actuary through an actuarial valuation / advice carried out at each reporting date, in accordance with section 50 of the Insurance Ordinance, 2000. In determining the value both acquired policy values as well as estimated values which will be payable against risks which the Company underwrites are considered. The basis used are applied consistently from year to year.

As permitted under IFRS 4, related adjustments to participants' liabilities are recognised in the statement of comprehensive income, if the unrealised gains or losses on investments are recognised in the statement of comprehensive income.

4.1.6 Acquisition cost

These comprise commission and other costs incurred in acquiring and maintaining takaful policies and include without limitation all forms of remuneration paid to takaful intermediaries.

These are recognised as an expense in the earlier of the financial year in which these are paid and in a financial year in which these become due and payable, except those which are directly referable to the acquisition or renewal of specific contracts that are recognised not later than the period in which the contribution to which these refer is recognised as revenue.

4.1.7 Wakala fee

The shareholders of the Company manage the takaful business operations for the participants and act as Wakeel of the Waqf fund. The Company is entitled for the wakala fee for the management of takaful business operations under Waqf fund to meet its management expenses.

4.1.8 Mudarib Fee

The shareholders of the Company manages the PTF's investments as a mudarib and charge a mudarib fee on the investment incomes and profit on bank deposits earned by PTF.

4.1.9 Qard-e-Hasna

When the PTF including reserves are insufficient to meet the current payments less receipts, the deficit is funded by way of contributions (Qard-e-Hasna) from Operators' Sub-Fund.

4.2 Cash and cash equivalents

For the purposes of statement of cash flows, cash and cash equivalents include the following:

- cash in hand
- cash at bank
- deposits and investments with original maturity of three months or less

CML

4.3 Investments

4.3.1 Classification

Investments with fixed or determinable payments and fixed maturity, where the Company has positive intent and ability to hold to maturity, are classified as Held-to-Maturity (HTM). Investments designated at fair value through profit or loss represent investments acquired principally for the purpose of generating profits from short term fluctuations in market prices, interest rate movement, or dealer's margin. Available-for-sale investments are those investments that do not fall under either fair value through profit and loss account or held to maturity categories.

4.3.2 Initial recognition

All investments are initially recognised at cost, being the fair value of the consideration given and includes transaction costs except for investments designated at fair value through profit or loss in which transaction cost is charged to profit and loss account.

4.3.3 Subsequent measurement

Held-to-maturity

Subsequently, these are measured at amortised cost less provision for impairment, if any. Any premium paid or discount received on acquisition of HTM investments is amortised over the remaining term of the investments using effective interest rate method.

Available-for-sale

Investments classified as 'available-for-sale' are subsequently measured at their market values, with any gain or loss recorded in the statement of comprehensive income. Cumulative gains and losses on mark to market of available-for-sale investments are reclassified to profit and loss account on disposal of investments. When the decline in value of an equity security is significant or prolonged, the cumulative loss (measured as the difference between the acquisition cost and current fair value, less any impairment loss on that financial asset previously recognised in the profit and loss account) that had been recognised in other comprehensive income shall be reclassified from equity to the profit and loss account even though the financial asset has not been derecognised.

Fair value through profit and loss

Investments classified at 'fair value through profit and loss' category at inception, are subsequently measured at their fair value and gains and losses arising from changes in fair value are included in the profit and loss account.

Fair / market value measurement

For investments in Government securities, fair value / market value (PKISRV) is determined by reference to quotations obtained from the Mutual Funds Association of Pakistan (MUFAP) where applicable. The fair value / market value of mutual fund units and listed equity securities is determined as per the rates announced by the MUFAP and the Pakistan Stock Exchange (PSX) respectively.

Date of recognition

Regular way purchases and sales of investments that require delivery within the time frame established by regulation or market convention are recognised at the trade date. Trade date is a date on which a trade (bonds, equities, foreign exchange, commodities, etc.) is executed i.e. the day when transaction is entered into.

CML

4.4 Investment in associates - equity method

Investments in associates, where the Company has significant influence but not control, are accounted for by using the equity method of accounting. These investments are initially recognised at cost and the carrying amount is adjusted to recognise the investor's share of the profit or loss, distribution received and change in the statement of comprehensive income and statement of changes in equity of the investee at the end of each reporting period.

The carrying amount of investments in associates is reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, the recoverable amount of the investments is estimated which is higher of its value in use and its fair value less costs to sell. An impairment loss is recognised if the carrying amount exceeds its recoverable amount and is charged to the profit and loss account. An impairment loss is reversed if there has been a change in estimates used to determine the recoverable amount but limited to the extent of carrying amount that would have been determined if no impairment loss had been recognised. A reversal of impairment loss is recognised in the profit and loss account.

The Company has significant influence over its associate where it has holding percentage of less than 20% due to power to participate in the investee's policy-making processes via common directorship.

4.5 Taxation

Income tax comprises current and deferred tax. Income tax expense is recognised in the profit and loss account except to the extent that it relates to the items recognised directly in equity in which case it is recognised in equity.

4.5.1 Current tax

Provision of current tax is based on the taxable income for the year determined in accordance with the prevailing laws for taxation of income. The charge for current tax is calculated using prevailing tax rates or tax rates expected to apply to the profit for the year, if enacted. The charge for current tax also includes adjustments, where considered necessary, to provision for tax made in previous years arising from assessments finalised during the current year for such years.

4.5.2 Deferred tax

Deferred tax is accounted for using the balance sheet method in respect of all temporary differences arising at the reporting date between the tax bases and carrying amounts of assets and liabilities for financial reporting purposes. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax is charged or credited in the profit and loss account, except in the case of items credited or charged to equity in which case it is included in equity.

4.5.3 Levies

Tax charged under Income Tax Ordinance, 2001 which is not based on taxable income, or any amount paid / payable in excess of the calculation based on taxable income or any minimum tax is classified as levy in the statement of profit and loss account as these levies fall under the scope of IFRIC 21 / IAS 37.

CML

4.6 Fixed assets

4.6.1 Tangible

Initial measurement

These are initially stated at cost and subsequently at cost less accumulated depreciation and impairment losses, if any. Depreciation is charged over the estimated useful life of the asset on a systematic basis to income applying the straight line method at the rates specified in note 5.1 to the financial statements, after taking into account residual value and charged to profit and loss account.

Depreciation on additions is charged from the month in which the asset is available for use and on disposal, upto the month the asset is in use.

Subsequent measurement

Subsequent costs are included in the assets' carrying amount or recognised as a separate asset, as appropriate, only when it is probable that the future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. Maintenance and normal repairs are charged to profit and loss account.

An item of tangible asset is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the profit and loss account in the year the asset is derecognised.

The assets residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each reporting date.

4.6.2 Right-of-use assets and their related lease liability

4.6.2.1 Right-of-use assets

On initial recognition, right-of-use assets are measured at an amount equal to initial lease liability adjusted for any lease payments made at or before the commencement date, plus any initial costs incurred and an estimate of costs to be incurred to dismantle and remove the underlying asset or the site on which it is located.

Right-of-use assets are subsequently stated at cost less any accumulated depreciation are adjusted for any remeasurement of lease liability. The remeasurement of lease liability will only occur in cases where the terms of the lease are changed during the lease tenure.

Right-of-use assets are depreciated over the expected useful life or lease-term which ever is shorter using the straight-line method. Depreciation on additions (new leases) is charged from the day in which leases are entered into. No depreciation is charged in day in which the leases mature or are terminated.

4.6.2.2 Lease liability against right-of-use assets

The lease liabilities is initially measured at the present value of the remaining lease payments over the period of lease term and that are not paid at the commencement date, discounted using interest rate implicit in the lease or the Company's incremental borrowing rate.

CME

The lease liabilities is subsequently measured at amortised cost using the effective interest rate method. The lease liabilities is also remeasured to reflect any reassessment or lease modification, or to reflect revised in-substance fixed lease payment.

Each lease payment is allocated between a reduction of the liability and a finance cost. The finance cost is charged to the profit and loss account as financial charges over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

The Company has elected to apply the practical expedient of not to recognise right-of-use assets and lease liabilities for short term leases that have a lease term of 12 months or less and leases of low-value assets. The lease payments associated with these leases are recognised as an expense on a straight line basis over the lease term.

4.6.3 Intangible assets

Initial measurement

These are stated at cost less accumulated amortisation and impairment loss, if any. Amortisation is charged over the estimated useful life of the asset on a systematic basis to income applying the straight line method at the rates specified in note 6.1 to the financial statements.

Amortisation on additions is charged from the day in which the asset is acquired or capitalised and on disposal up to the day the asset is in use.

Software development costs are only capitalised to the extent that future economic benefits are expected to be derived by the Company.

Capital work in progress

Capital work in progress is stated at cost less any impairment in value. It includes advances to suppliers in respect of intangible assets.

4.7 Impairment of non-financial assets

The carrying amounts of non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment of any asset or group of assets. If such indication exists, the recoverable amount of the asset is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. Impairment losses are recognised in profit and loss account, as appropriate. An impairment loss is reversed if the reversal can be objectively related to an event occurring after the impairment loss was recognised.

4.8 Provisions, contingent assets and contingent liabilities

A provision is recognised when the Company has a legal or constructive obligation as a result of past events, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

Contingent assets are disclosed when there is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are not recognised until the inflow of economic benefits is virtually certain.

CPL

Contingent liability is disclosed when:

- there is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or
- there is a present obligation that arises from past events but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

4.9 Investment income

- Income from held to maturity / available is the difference between the redemption value and the purchase price of the held to maturity investments is amortised over the term of the investment and is taken to the profit and loss account.
- Dividend income on investments is recognised when the Company's right to receive the payment is established.
- Gain or loss on sale of investments is included in the profit and loss account.
- Profit on bank deposits and term deposit are recognised as and when due.
- Unrealised gain / loss on investments held at 'fair value through profit or loss' is recognised as income / expense in the profit and loss account.
- Unrealised gain / loss on investments held 'Available-for-sale' is recognised as income / expense in the statement of comprehensive income.

4.10 Earnings per share

The Company presents basic and diluted earnings per share (EPS) for its shareholders. Basic EPS is calculated by dividing the profit or loss attributable to the ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to the ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, if any.

4.11 Segment reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses including revenues and expenses that relate to transactions with any of the Company's other components.

All operating segments' results are reviewed regularly by the Company's chief operating decision maker to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available. The chief operating decision maker has been identified as the Chief Executive Officer.

The Company presents segment reporting of operating results using the classes of business as specified under the Insurance Ordinance, 2000, the Insurance Rules, 2017 and the Takaful Rules, 2012. The Company has 2 Operating segments for reporting purposes namely;

- The Individual Family Takaful business segment provides family takaful coverage to individuals under unit-linked policies issued by the Company.
- The Group Family Takaful business segments provides family takaful coverage to members of business enterprises, corporate entities and common interest groups under group family takaful scheme operated by the Company.

Actuarial valuation of life insurance business is required to be carried out annually at the reporting date. Takafulholders' liabilities included in the statutory funds are based on the actuarial valuation carried out by the Appointed Actuary as at December 31, 2025.

The Company reviews the basis of estimation used in respect of allocation of assets, liabilities, income and expenses not referable to specific fund with the consultation of Company's appointed actuary.

ENC

4.12 Foreign currency transactions and translations

Foreign currency transactions are translated into Pakistani Rupees at the exchange rates prevailing on the date of transaction. Monetary assets and liabilities in foreign currencies are translated into Pakistani Rupees at the exchange rates prevailing at the reporting date. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using exchange rates at the date when the fair value was determined. Exchange gains or losses are recorded in profit and loss account.

4.13 Statutory funds

The Company maintains statutory funds in respect of each class of life takaful business. Assets, liabilities, revenues, and expenses of the Company are usually referable to respective statutory funds, however, where these are not referable to statutory funds, these are allocated to shareholders' fund.

Apportionment of assets, liabilities, revenues and expenses, wherever required, between funds are made on a fair and equitable basis in accordance with the written advice of the appointed actuary.

4.14 Financial instruments

Financial instruments carried on the statement of financial position include cash and bank deposits, loans secured against other assets, investment in government securities and listed securities, premiums due but unpaid, amount due from / to agents, sundry receivables, accrued interest, accrued expenses, other creditors and accruals, and dividend payable.

All the financial assets and financial liabilities arising from, other than takaful contracts, are recognised at the time when the Company becomes a party to the contractual provisions of the instrument and derecognised when the Company loses control of contractual rights that comprises the financial assets and in the case of financial liabilities when the obligation specified in the contract is discharged, cancelled or expired. At the time of initial recognition all financial assets and financial liabilities are measured at cost, which is the fair value of the consideration given or received for it. These financial assets and liabilities are subsequently measured at fair market value or amortised cost as the case may be. Any gain or loss on derecognition of financial assets and financial liabilities is taken to the profit and loss account.

4.15 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position only when there is a legally enforceable right to set-off the recognised amount and the Company intends either to settle on a net basis or to realise the assets and to settle the liabilities simultaneously.

4.16 Dividend and appropriation of reserves

Dividend and appropriation of reserves except appropriations required by the law or determined by the appointed actuary or allowed by the Insurance Ordinance, 2000, are recognised in the year in which these are approved. Surplus related to investments are not available for distribution.

4.17 Share capital

Ordinary shares are classified as equity and recognised at their face value. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

18	RETIREMENT BENEFIT OBLIGATIONS			
18.1	Defined Benefit Plan - Gratuity Fund			

The Company offers an approved gratuity fund for all eligible employees. Annual contributions are made to the fund on the basis of actuarial recommendations. The gratuity scheme is governed under the Trust Act, 1882, Trust Deed and Rules of the Fund, the Companies Act, 2017, the Income Tax Ordinance, 2001 and the Income Tax Rules, 2002. Currently, the scheme of the Company is in course of registration and it is expected that registration process will be completed in next few months.

The Company faces the following risks on account of gratuity fund:

Final salary risks

The risk that the final salary at the time of cessation of service is greater than what was assumed. Since the benefit is calculated on the final salary, the benefit amount would also increase proportionately.

Discount rate fluctuation

The plan liabilities are calculated using a discount rate set with reference to corporate bond yields. A decrease in corporate bond yields will increase plan liabilities, although this will be partially offset by an increase in the value of the current plan's bond holdings.

CML

Mortality risks

The risk that the actual mortality experience is different. The effect depends on the beneficiaries' service / age distribution and the benefit.

Withdrawal risks

The risk of higher or lower withdrawal experience than assumed. The final effect could go either way depending on the beneficiaries' service / age distribution and the benefit.

18.2 Valuation results

Actuarial valuation is carried out every year and the latest valuation was carried out as at December 31, 2025 using the project unit credit method. The information provided in notes 18.3 to 18.12 has been obtained from the actuarial valuation carried out as at December 31, 2025. The following significant assumptions have been used for valuation of this scheme:

	2025	2024
	Per annum	
a) Expected rate of increase in salary level	15.00%	15.00%
b) Discount rate	11.00%	12.25%
c) Normal retirement age	65 years	65 years
d) Mortality rates	State Life Insurance Corporation (SLIC) 2001-05	State Life Insurance Corporation (SLIC) 2001-05
	30.09%	34.07%
e) Withdrawal rates		
	2025	2024
	----- (Rupees in '000) -----	

18.3 Amounts recognised in the statement of financial position

18.8 Sensitivity analysis

Particulars	2025			2024		
	Change in assumption	Effect on current service cost and profit charged		Change in assumption	Effect on current service cost and profit charged	
		(%)	(Rupees in '000)		(%)	(Rupees in '000)
Discount rate	+1%	-5.29%	31,712	+1%	-6.41%	(1,020)
	-1%	6.80%	35,999	-1%	7.34%	1,168
Salary increase rate	+1%	7.12%	36,107	+1%	7.72%	1,229
	-1%	-6.32%	31,578	-1%	-6.68%	(1,092)
Withdrawal rates	+10%	-1.16%	33,316	+10%	-1.41%	(15,694)
	-10%	1.24%	34,124	-10%	1.43%	16,145
Mortality rates	1 Year	-0.04%	33,720	1 Year	-0.04%	(15,912)
	-1 Year	0.04%	33,695	-1 Year	0.04%	15,923

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant assumptions, same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the gratuity liability.

18.9 Based on actuarial advice, the Company intends to charge an amount of Rs. 15.85 million in the financial statements for the year ending December 31, 2026.

18.10 The weighted average duration of defined benefit obligation is 6.36 years (2024: 6.87 years).

18.11 Expected maturity analysis of undiscounted defined benefit obligation for the gratuity scheme is as follows:

	Less than a year	Between 1-2 Years	Between 2-5 years	Over 5 years	Total
	(Rupees in '000)				
Gratuity - at December 31, 2025	9,458	2,365	8,571	82,848	103,242

18.12 Comparison of the plan's deficit is as follows

	2025	2024	2023
	(Rupees in '000)		
Present value of defined benefit obligation	33,707	15,917	6,798
Fair value of plan assets	-	-	-
Deficit	33,707	15,917	6,798

19 TAKAFUL / RETAKAFUL PAYABLES

	Note	2025	2024

22 CONTINGENCIES AND COMMITMENTS

The Sindh Revenue Board (the SRB) through notification no. SRB-3-4/17/2021 dated 30th June 2021 has revoked its previous exemption of life insurance, granted through SRB-3-4/5/2019 dated 8th May 2019, which is now taxable at a rate of 3%. Similarly, the Punjab Revenue Authority (PRA) has also withdrawn exemption on life insurance business with effect from November 01, 2018.

The Insurance Association of Pakistan (IAP) had taken up the matter extensively with SRB, PRA and other provincial authorities for restoration of the exemptions that were withdrawn, besides seeking legal advice. The legal advisors of the IAP / Company have confirmed the contention of the Company that insurance is not a service, but infact, in sum and substance, a contingent contract under which payment is made on the occurrence of an event, specified in the terms of contract or policy / membership, and is thus a financial arrangement. Superior courts in foreign jurisdictions have held that insurance is not a service.

The legal advisors have also raised the important question of constitutionality of the levy of provincial sales tax on life insurance / family takaful, which is a Federal subject, and have expressed the view that under Article 142 of the Constitution of Pakistan, only those matters which are not enumerated in the Federal Legislative List, may be legislated upon by the provinces. In their view, since the Federation has retained a legislative mandate over all laws relating to insurance / takaful, therefore, only the Federation is entitled to levy any tax in relation to insurance / takaful business.

Without prejudice to the main contentions as stated above, even otherwise, the legal advisors of the IAP / Company have expressed in their opinions a further flaw in the context of the manner in which the entire contribution payment, i.e., Gross Written Contribution (GWC) is being charged to the levy of provincial sales tax. This is despite the fact that there are two distinct elements of GWC (i) the amount allocated towards the participants' investment fund, which belongs to them and (ii) the difference between the GWC charged and the investment amount allocated. Thus, in their view, if the entire GWC is subjected to provincial sales tax, then this is akin in to a direct tax on participants, in the nature of income tax, wealth tax, or capital value tax, all of which fall exclusively within the domain of Federal Legislature.

CNC

The Company has not filed any suit in respect of this matter, and is relying on the existing stay orders from the High Courts obtained by the industry participants through the IAP platform. Later on, in January 2025, the case was decided by Honourable Sindh High Court, in the judgement dated January 14, 2025, dismissed the petition on grounds that petition should first seek recourse before the SRB.

Subsequent to the year end, the Company has received a notice for compulsory registration from the PRA. The Company has filed a suit against the aforesaid order and obtained a stay order from the Honourable Lahore High Court refraining the PRA from any coercive action against the Company.

The life Insurance / family takaful industry players, has filed a petition in Honourable Supreme Court of Pakistan against the order and believes that since petition earlier filed challenging the verses of the law, the question that has neither been discussed nor decided in the impugned order of the Honourable High Court of Sindh, and such, can be filed with higher appellate forum.

The Company and industry participants are not billing their customers for the provincial sales tax when the exemption was not applicable, nor have they made any provision in the books of account for the year ended December 31, 2025 as the management is confident that the final outcome will be in the favour of the Company based on legal opinion. The amount of provincial sales tax involved in this matter, as of December 31, 2025, computed on risk-based contribution excluding the amount allocated towards the participants' investment fund amounts to Rs. 97.85 million (December 31, 2024: Rs. 55.99 million).

36 MANAGEMENT OF TAKAFUL AND FINANCIAL RISK

The Company is responsible for managing contracts that result in the transfer of Takaful and Financial Risk from the Participant to the respective Participant Takaful Fund (PTF). This section summarises the risks and the way the Company manages them, as part of the Company's Takaful Operations.

Takaful risk

The PTF issues takaful contracts that are classified in the following segments:

- Individual Family Takaful
- Group Family Takaful

CML

36.1 Individual family takaful

The risk under individual takaful contract is death and sometimes disability and or critical illness. The risk of disability or critical illness will vary from region to region. The PTF may get exposed to poor risks due to unexpected experience in terms of claims severity or frequency. This can be a result of anti selection, fraudulent claims, a catastrophe or poor persistency, The PTF may face the risk of poor investment return, and liquidity issues on monies invested in the funds.

a) Frequency and severity of claims

Concentration of risk is not a factor of concern due to spread of risks across various parts of the country. However, undue concentration by amounts could have an impact on the severity of benefit payments on a portfolio basis. However, a risk of concentration of risk on any one Participant of the PTF still exists. The Company caters to this risk by entering into suitable Retakaful arrangements. The Company charges for mortality risk (credited to the PTF) on a monthly basis for all Takaful contracts without fixed term.

Moreover, the Company manages these risks through its underwriting strategy and the results are revised quarterly by the Underwriting and Retakaful Committee.

The table below presents the concentration of covered benefits across five bands of benefits covered. The benefit covered figures are shown gross and net of the retakaful contracts described above.

The amounts presented show total exposure of the PTF including exposure in respect of supplemental benefits attached to the main membership.

Rupees	Assured at the end of 2025			
	Total benefits assured			
	Before retakaful		After retakaful	
	(Rupees in '000)	%	(Rupees in '000)	%
0 - 200,000	41,947	0.72%	20,973	0.97%
200,001 - 400,000	298,127	5.09%	149,064	6.91%
400,001 - 800,000	775,814	13.25%	387,907	17.97%
800,001 - 1,000,000	501,093	8.56%	250,546	11.61%
More than 1,000,000	4,239,247	72.39%	1,349,848	62.54%
Total	5,856,228	100.00%	2,158,338	100.00%

Rupees	Assured at the end of 2024			
	Total benefits assured			
	Before retakaful		After retakaful	
	(Rupees in '000)	%	(Rupees in '000)	%
0 - 200,000	11,250	0.54%	5,625	0.72%
200,001 - 400,000	77,839	3.71%	38,920	5.00%
400,001 - 800,000	233,721	11.14%	116,860	15.02%
800,001 - 1,000,000	216,892	10.34%	108,446	13.94%
More than 1,000,000	1,558,230	74.27%	507,946	65.31%
Total	2,097,932	100.00%	777,797	100.00%

b) Source of uncertainty in the estimate of future benefits payments and contributions receipts

Uncertainty in the estimation of future benefit payments and contribution receipts for long term takaful contracts arises from the unpredictability of long-term changes in overall levels of mortality and variability in Participants' behaviour (this primarily impacts persistency).

CNC

c) Process used to decide on assumptions

- **Mortality:** The expected mortality used is of SLIC (2001-05) Individual Life Ultimate Mortality Table of the Pakistan Society of Actuaries (PSOA)
- **Persistency:** A periodic analysis of the Company's recent and historic experience is performed and persistency is calculated periodically. Persistency rates vary by products and more importantly the sales distribution channel.
- **Expense levels and inflation:** A periodic study is conducted on the Company's current business expenses and future projections to calculate per membership expenses. Expense inflation is assumed in line with assumed investment return.
- **Investment returns:** The investment returns assumptions are based on the assets backing the portfolio.

d) Changes in assumptions

There has been no change in assumptions.

e) Sensitivity analysis

The experience of the fund is not adequate enough to perform sensitivity analysis.

36.2 Group Life Family Takaful

The main risk written by the Company is mortality. The Company may be exposed to the risk of unexpected claim severity or frequency. This can be a result of writing business with higher than expected mortality (such as mining or other hazardous industries), writing high cover amounts without adequate underwriting, and difficulty of verification of claims, fraudulent claims or a catastrophe. The Company also faces risk such as that of under-pricing to acquire business in a competitive environment and of non-receipt of contribution in due time.

The Company manages these risks through its:

a) Pricing and Underwriting

All products of this nature are prepared by the Group Underwriting Department along with input from relevant sales team members which is then reviewed by the Appointed Actuary.

Pricing is done in line with the actual experience of the Company. The contribution charged takes into account the actual experience of the client and the nature of mortality exposure the group faces.

At the same time, due caution is applied in writing business in areas of high probability of terrorism. The Company ensures writing business with good geographical spread and tries to maintain a controlled exposure to large groups which generally have poor exposure.

Furthermore, the Company also maintains various MIS that are shared with relevant management to track the adequacy of the contribution charged.

Also, Underwriting & Retakaful Committee reviews the underwriting performance of the Company on a quarterly basis.

b) Retakaful

Retakaful agreements are in place to limit the mortality exposure. Underwriting & Retakaful Committee reviews every quarter the performance of the treaties to ensure that adequate retakaful coverage is in place.

c) Claims handling policy

The Company has procedures in place to ensure that payment of any fraudulent claims is avoided. Detailed investigation of all material and apparently doubtful claims is conducted. Moreover, Claims committee has assigned claims process authority limits for processing of claims. Claims committee meets on a quarterly basis to review the claims department's performance and to make sure that adequate claims controls are in place.

CML

d) Frequency and severity of claims

The Company measures concentration of risk by its exposure to catastrophic events. Concentration of risk arising from geographical area is not a factor of concern due to spread of risks across various parts of the country.

Rupees	Covered at the end of 2025			
	Total takaful benefits			
	Before retakaful		After retakaful	
	(Rupees in '000)	%	(Rupees in '000)	%
0-500,000	108,051,636	40.85%	45,500,346	57.84%
500,001-1,000,000	18,793,860	7.11%	5,637,899	7.17%
1,000,001-1,500,000	12,248,372	4.63%	3,112,427	3.96%
1,500,001-2,000,000	10,917,552	4.13%	2,097,911	2.67%
2,000,001-2,500,000	38,656,061	14.61%	15,765,350	20.04%
More than 2,500,000	75,844,593	28.67%	6,558,503	8.34%
Total	264,512,073	100.00%	78,672,435	100.00%

Rupees	Covered at the end of 2024			
	Total takaful benefits			
	Before retakaful		After retakaful	
	(Rupees in '000)	%	(Rupees in '000)	%
0-500,000	22,781,561	12.50%	11,515,836	19.32%
500,001-1,000,000	11,460,077	6.29%	5,729,144	9.61%
1,000,001-1,500,000	21,987,371	12.06%	10,642,715	17.85%
1,500,001-2,000,000	12,509,320	6.86%	5,639,262	9.46%
2,000,001-2,500,000	6,601,014	3.62%	2,697,516	4.53%
More than 2,500,000	106,963,667	58.67%	23,388,724	39.23%
Total	182,303,010	100.00%	59,613,197	100.00%

e) Sources of uncertainty in the estimation of future benefits payments and contribution receipts

Other than conducting a liability adequacy for unearned contribution reserve, there is no need to estimate mortality for future years because of the short duration of the contracts.

f) Process used to decide assumptions

Where data is sufficient to be statistically credible, the statistics generated by the data is assigned appropriate credibility factors to account for the group's experience.

g) Changes in assumptions

There has been no material change in assumptions.

h) Sensitivity analysis

The table below shows the level of respective variation in liabilities for change in each assumption while holding all other assumptions constant.

	Change in variable	Increase in Liability 2025 (Rupees in '000)
Worsening of mortality rates	10%	8,257
Increase in reporting lag	10%	4,543

CML

37 FINANCIAL RISK MANAGEMENT

The Board of Directors of the Company has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company has exposure to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk
- Foreign currency risk

Risk management framework

The Board of Directors meets frequently throughout the year for developing and monitoring the Company's risk management policies. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Audit Committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The Company's Audit Committee is assisted in its oversight role by Internal Audit function. Internal Audit undertakes both regular and adhoc reviews of risk management controls and procedures, the results of which are reported to the Audit Committee.

37.1 Credit risk

Credit risk is the risk that arises with the possibility that one party to a financial instrument will fail to discharge its obligation and cause the other party to incur a financial loss. The Company attempts to control credit risk by monitoring credit exposures and undertaking transactions with a large number of counterparties in various industries and by continually assessing the credit worthiness of counterparties.

37.1.1 Concentration of credit risk and credit exposure of financial instruments

Concentration of credit risk arises when a number of counterparties have similar types of business. As a result, any change in economic, political and other conditions would effect their ability to meet the obligations in a similar manner.

Credit risk of the Company arises principally from the investments (except for government securities), contribution due but unpaid, amount due from retakaful, retakaful recoveries and bank balances. To reduce the credit risk the Company has developed a formal approval process whereby credit limits are applied to its participants' and retakaful operator. The management continuously monitors the credit exposure towards participants' and retakaful operator and makes provision against those balances considered doubtful of recovery.

CAL

The carrying amount of financial assets represent the maximum credit exposure, as specified below:

	2025	2024
	----- (Rupees in '000) -----	
Bank balances	211,956	140,312
Investments in Term Deposit	-	-
Takaful / retakaful receivables	139,252	68,439
Deposits and other receivables	28,331	26,153

The credit quality of Company's Government securities, open ended mutual funds, term deposit receipts and bank balances can be assessed with reference to external credit ratings as follows:

	Rating - 2025		Rating - 2024		Rating Agency
	Short term	Long term	Short term	Long term

37.2 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting its financial obligations as they fall due. Liquidity risk arises because of the possibility that the Company could be required to pay its liabilities earlier than expected or difficulty in raising funds to meet commitments associated with financial liabilities as they fall due. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. The Company ensures that it has sufficient cash on demand to meet expected operational requirements. The Company also manages this risk by investing in deposit accounts that can be readily encashed. The following are the contractual maturities of financial liabilities, including interest payments and excluding the impact of netting agreements:

The following are the contractual maturities of financial liabilities:

	2025			2024

37.3 Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. All transactions are carried in Pak Rupees therefore, the Company is not exposed to any significant foreign exchange risk. The Company is exposed to market risk with respect to its investments.

37.3.1 Price risk

Price risk represents the risk that the fair value of a financial instrument will fluctuate because of changes in the market prices (other than those arising from profit rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all or similar financial instruments traded in the market.

The carrying value of investments subject to equity price risk are based on market prices as of the reporting date.

Market prices are subject to fluctuation and consequently the amount realised in the subsequent sale of an investment may significantly differ from the reported market value. Furthermore, amount realised in the sale of a particular security may be affected by the relative quantity of the security being sold. The Company has no significant concentration of price risk.

at

Sensitivity analysis

The table below summarises the Company's equity price risk as of December 31, 2025 and December 31, 2024 and shows the effects of a hypothetical 10% increase and a 10% decrease in market prices as at the year end. The selected hypothetical change does not reflect what could be considered to be the best or worst case scenarios. Indeed, results could be worse in the Company's equity investment portfolio because of the nature of equity markets. The impact of hypothetical change would be as follows:

	Fair value	Hypothetical price change	Estimated fair value after hypothetical change in prices	Hypothetical increase / (decrease) in profit before tax	Hypothetical increase / (decrease) in other comprehensive income
	(Rupees in '000)				
2025	528,908	10% increase	581,799	-	52,891
		10% decrease	476,017	-	(52,891)
2024	603,051	10% increase	663,356	-	60,305
		10% decrease	542,746	-	(60,305)

37.3.2 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Majority of the interest rate exposure arises from investment in government securities and balances held in profit and loss sharing accounts with reputable banks. At the reporting date the detailed interest rate profile of the Company's is disclosed in note 37.3.2.1. The table below summarises Company's interest rate risk as of December 31, 2025 and 2024 and shows the effects of a hypothetical 1% increase and a 1% decrease in interest rates as at the year end.

38 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the Company is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

38.1 Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Company to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- **Level 1:** Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- **Level 2:** Those involving inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices) and;
- **Level 3:** Those with inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The table shown below analyses the financial instruments measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorised:

As at December 31, 2025			
	Level 1	Level 2	Level 3
----- (Rupees in '000) -----			
Assets carried at fair value - Available-for-sale			
Equity Securities	124,264	-	-
Government securities	-	1,949,915	-

Mutual Funds	319,494	-	-
	<u>603,051</u>	<u>1,263,187</u>	<u>-</u>

CML

The following table shows the valuation techniques used in measuring Level 2 fair values of financial assets for

Type	Valuation Technique	Input Used
Government securities	Government Securities includes GOP Ijarah Sukuk. The fair value of GOP Ijarahs are derived from Pakistan Stock exchange and PKISRV from Mutual Funds Association of Pakistan (MUFAP).	-PKISRV Rates -PSX Debt Market Rates
Units of Mutual Funds	Fair values of investments in units of mutual funds are determined based on redemption prices disclosed at the Mutual Funds Association of Pakistan (MUFAP) as at the close of the business days.	Net Assets Value as per MUFAP

39 CAPITAL MANAGEMENT

The Company's goals and objectives when managing capital are:

- To comply with the minimum paid-up capital requirements as prescribed by SECP;
- To safeguard the Company's ability to continue as a going concern so that it can continue to provide returns for shareholders and benefits for the other stakeholders;
- To provide an adequate return to shareholders by pricing insurance contracts commensurately with the level of risk;
- Maintain strong ratings and to protect the Company against unexpected events / losses; and
- To ensure a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business.

As prescribed by SECP, the Company is required to maintain the minimum capital and to comply with the solvency requirements both for Shareholders' and Statutory Funds in accordance with the Insurance Ordinance, 2000 and the Insurance Rules, 2017 (previously the SEC (Insurance) Rules, 2002 as amended by S.R.O. 16 (1)/2012 dated January 9, 2012), with which the Company is in compliance.
